

RAMS REVIEW AND ACCEPTANCE FORM

The reviewer's sheet — what was checked, what came back, what was accepted

FORM — SITE FILE

KD-SITE-RR-007 Rev A0

The reviewer's sheet. CDM 2015 reg 15 requires the principal contractor to plan, manage and monitor the construction phase; the RAMS is the contractor's plan for their part of it and this is the record that somebody competent read it against the site. A RAMS is accepted, accepted with conditions, or returned — never "approved" in the sense of taking the contractor's responsibility for it.

1 THE DOCUMENT

PROJECT / SITE REF	SITE	DATE	REVIEWED BY
CONTRACTOR	RAMS TITLE	REV / DATE	ACTIVITY / LOCATION

2 THE CHECKS — TICK WHAT IS SATISFACTORY; ANYTHING UNTICKED GOES IN SECTION 3

- ☐ Site-specific: names this site, this activity, this location — not a generic document with the name changed
- ☐ Scope and exclusions clear; the sequence of work is a real sequence with hold points
- ☐ Hazards are the ones on this job; risk ratings are credible; controls are actions, not intentions
- ☐ Interfaces addressed: other trades, occupiers, the public, the site rules, the traffic plan
- ☐ Permits identified where the site requires them; isolation and lifting arrangements stated
- ☐ Emergency and rescue arrangements match the work — height, confined space, excavation
- ☐ COSHH assessments attached for the substances named; plant and equipment listed with certification
- ☐ Competence stated: supervisor named, operative tickets identified
- ☐ Signed by a competent person in the contractor; briefing record provided or promised

3 WHAT COMES BACK — THE REASONS, NUMBERED, SO THE CONTRACTOR CAN ANSWER EACH ONE

RETURNED ITEMS

4 DECISION

- ☐ ACCEPTED — work may start once the briefing record is in
- ☐ ACCEPTED WITH CONDITIONS — listed below; work starts when they are met
- ☐ RETURNED — resubmit addressing section 3; no start

CONDITIONS

Acceptance records that the principal contractor has reviewed this document for compatibility with the site, the construction phase plan and the site rules. It does not transfer the contractor's duty under CDM 2015 reg 15(2) to plan, manage and monitor its own work, and it does not reduce the principal contractor's own duties under reg 13.
