2 THE RULES

Site rules form part of the construction phase plan (reg 12(2)) and every contractor on this site must comply with them (reg 15(3)). They are the floor, not the ceiling: your RAMS and permits add to them, never replace them.

SIGN IN, EVERY TIME. No induction, no entry — no exceptions, including visitors and deliveries.

PPE beyond this point: hard hat, hi-vis, safety boots. Your task may require more — your RAMS says what.

NO RAMS, NO WORK. No task starts without accepted RAMS; permit work does not start without the permit in force.

PLANT: trained and authorised operators only. Keys out when unattended. Nobody walks under a suspended load.

WORK AT HEIGHT only as your RAMS describes it. Ladders are for access, not workplaces, unless justified in writing.

HOT WORKS by permit only. Smoking and vaping in the designated area only.

SERVICES: nobody digs, drills or cuts into any surface without the located-services check for that area.

HOUSEKEEPING: your area, your mess. Waste to the right skip; routes and exits kept clear at all times.

ALCOHOL AND DRUGS: none. Impairment means removal from site.

REPORT accidents, near misses and unsafe conditions to the site manager **TODAY** — reporting is expected, never punished.
