

SITE TRAFFIC AND PEDESTRIAN RULES BOARD

The rules of the routes for everyone on foot — and where the driver's rules are

DISPLAY AT SITE ENTRANCE

KD-NOT-TR-008 Rev A0

CDM 2015 regs 27 and 28: pedestrians and vehicles move without risk, on routes that are suitable and, where they must cross, controlled. The traffic management plan (KD-TM-TP-001) decides how; the driver's page at the gate is KD-TM-VR-004. This board is for everyone else — the person walking from the gate to the cabin, the labourer crossing the haul road with a barrow, the operator in the cab who needs to know what the people on foot have been told. HSG144 is the guidance. Fill it in from the plan, and redo it when the routes move.

CROSSING POINTS

ON FOOT

1. Use the walkway. Cross the vehicle route only at the marked crossings, and look before you step out.
2. Never walk behind a reversing vehicle or beside a moving one. If you cannot see the driver's face, they cannot see you.
3. Keep out of the plant's working area and every exclusion zone unless the banksman waves you through.
4. Hi-vis on, hood down, phone away while you are walking on a route shared with vehicles.

IN A CAB

5. The driver's rules are on the vehicle rules notice at the gate (KD-TM-VR-004). Keep to the speed limit above; people on foot have priority at every crossing; no banksman, no reversing.

ANYONE MAY STOP A VEHICLE MOVEMENT — shout, signal or radio STOP.
